

2026 Science Olympiad National Tournament

Dear Coaches,

As we approach competition day and celebrate the announcement of all Science Olympiad National Tournament finalists, we are excited to share an opportunity for participating students and their families to explore the University of Southern California campus.

We will be offering admission presentations coupled with guided campus tours throughout the day, with departure times at 9:00 AM, 10:00 AM, 11:00 AM, 1:00 PM, and 2:00 PM. These tours provide a great chance to experience USC's campus environment and learn more about the university. Across all time slots, we are able to accommodate approximately 500 total guests. Each session is expected to take 90 minutes.

To comply with Youth Protection policies, registration must be completed by the attending coach or chaperone for each school group, rather than by individual students or families. At this time, each reservation is capped at 15 students per school group to help ensure availability for as many teams as possible. Slots will be filled on a first-come, first-served basis.

Please use the links below to register for your preferred time slot:
