

Dear Science Olympiad Coaches:

On behalf of the USC Dornsife College of Letters, Arts and Sciences, the USC Viterbi School of Engineering, and USC's Science Based Academic Tournaments (SciBAT) student organization, we are pleased to welcome you to the University of Southern California this May for the National Science Olympiad Tournament. We are confident that you will have an outstanding visit to our campus for the competition.

As you prepare for your visit, we are sharing important information regarding USC's Youth Protection compliance requirements, that stem from California legal requirements. These requirements below should be completed by adult chaperones as soon as possible, and must be completed by three weeks prior to your arrival on campus:

1. Team registration with USC's Office of Youth Protection
2. Live Scan finger-print based background checks
3. USC Mandated Reporter Training
4. Sign USC's Guidelines for Interacting with Minors

**All instructions on how to complete these requirements, as well as USC Housing information, can be accessed here: [USC Compliance Information](#) or use the QR code below to access the document.**

**Please review these materials carefully and complete all requirements by May 2, 2026.**

IMPORTANT: The Live Scan background screening must be initiated as soon as possible to allow time for processing and completion by May 2, 2026. Teams that do not meet these requirements may not be permitted to participate in the event and USC Housing accommodations may be cancelled.

If you have any questions, please do not hesitate to reach out to USC Youth Protection by email ([minors@usc.edu](mailto:minors@usc.edu)) or by phone (+1-213-740-2656).

We look forward to hosting you and your students on campus and wish you the best of luck as you prepare for the national competition.

Ian Ehrenreich & Aaron Lauda, USC Dornsife Divisional Deans

Erik A Johnson, USC Viterbi Vice Dean

Brian Lam, SciBAT Tournament Director
